INDUSTRIAL EXPERIENCE

(MCSAM) Munjal Chakraborty Software & Media Pvt. Ltd.

Gurugram, Haryana

Front-End Developer Trainee

(Aug 2023 – Feb 2024)

- Developed responsive and user-friendly interfaces for live projects, utilizing HTML, CSS, JavaScript, React and Angular.
- Collaborated with a cross-functional team to implement frontend solutions, ensuring optimal user experience and performance.
- Possessing foundational knowledge in Angular and TypeScript, I can understand and contribute effectively to projects in these technologies.

PROJECTS

Slot Booking Enhancement (KahiPe)

- Integrated a slot booking feature in Angular on the frontend and Laravel PHP on the backend
- Merchants can now allocate service slots with restricted availability of service, streamlining user scheduling within designated time interval.
